

**EXHIBITING** – The Club would love to see new exhibits from other members besides just a few. We know that it can seem like a daunting task. In response to that, there seems to be a growing trend to simplify exhibiting by promoting “One-Page Exhibits”. It’s something worth considering at future shows. Below is a re-print from ATA’s *Topical Times* Jan-Feb 2023 issue. What do you think?

## Turn Your Favorite Topic into a One-Page Exhibit

Below is a portion of a re-printed article by Michele M. Bresso, ATA Board member from Jan-Feb 2023 *Topical Times*

Admit it. Whenever you get a new stamp for your favorite topical collection, you show it to a family member, chat about it with a friend, or share it at your stamp club meeting. Why not go bigger? Turn your philatelic passion into a single page that tells a story everyone will enjoy.

Using stamps, covers, postmarks, ephemera and more, a one-page exhibit provides a philatelic snapshot of the story of a stamp or cover, a place you've been or would like to visit, an historical event, or just about anything that fascinates you.

One-page exhibits submitted to ATA last year fell into 14 categories, including animals, arts, culture, health and safety, nature, philately, plans, postal history, science and technology, scouts, sports, transportation, US history and world history. I'll bet you can think of several stories you can tell with stamps in your collection right now. The possibilities are endless!

What is not endless, however, is the size of your exhibit, and that's what makes this exhibiting opportunity so tantalizing. Rather than dozens of pages

filling frames, your exhibit tells a story on a single page. The size of the one-page exhibit may be either 8.5" x 11" or 11" x 17". Not sure how to get started? Check out exhibits from the first two years of the ATA program by visiting this page: [www.ataexhibits.com](http://www.ataexhibits.com)

ATA's My One-Page Exhibit! represents a type of exhibiting that is growing across the country as stamp clubs and some stamp shows provide venues for their display. The ATA program encourages exploration of philatelic exhibiting through this small-format and highly accessible activity. Hundreds of exhibitors from 14 countries submitted exhibits last year. Now it's time for you to get on the bandwagon! Hmmm ...come to think of it, bandwagons might make an interesting topic for a one-page exhibit. – Michele M. Bresso

## PREVIEW OF BUFPEX COVERS

1923 - 2023

**BUFPEX 2023**  
100<sup>th</sup> Anniversary  
Original Yankee Stadium

**Original Yankee Stadium**

**BUFPEX STATION**

**MARCH 11, 2023**  
**BUFFALO, NY**  
**14227-2211**

1923 - 2023

**BUFPEX 2023**  
100<sup>th</sup> Anniversary  
Yankee Stadium Opening Day  
April 18, 1923

**Original Yankee Stadium**

**BUFPEX STATION**

**MARCH 12, 2023**  
**BUFFALO, NY**  
**14227-2211**

Themes are the 100<sup>th</sup> Anniversary of the Original Yankee Stadium for Saturday and the 100<sup>th</sup> Anniversary of Opening Day for Sunday. There will be 2 sizes of envelopes for each – the No. 6 envelope (3-5/8" x 6-1/2") and the A6 envelope (4-3/4" x 6-1/2"). The size of the cachet image will be adjusted for each size. There will be pre-franked and canceled per above or blank cachets available for your own personalized stamp combinations.

## **PICTURES FROM FEBRUARY PRESENTATION**

FEBRUARY 16, 2023 at The Knights Hall with Rick Barrett

Rick Barrett leading the presentation

Nelson Barrett – his grandfather

Nelson built the Wahnapiatae Lodge

The Lodge on French River near Killarney

Nelson was also the Canadian Postmaster of Pickerel River

Our group of about 11 in attendance for a very interesting presentation!
